

Capella 2118

UA10292

Capella 2118 is a versatile linear LED light that allows entire sections of product displays to be accented, which when combined with adjustable fixings and Capella 2118's discreet nature, makes a fully integrated lighting solution. Ideal for retail and event displays, Capella 2118 features a finned profile to effectively distribute the heat generated by the LED's.
